

Moses Kotane Institute
INNOVATION. THE FUTURE

The Moses Kotane Institute mourns the loss of Mme Rebecca Kotane, the widow of the former South African Communist Party (SAPC) General Secretary and the African National Congress (ANC) leader, Mr Moses Kotane, in whose honour the institute was named. We are deeply saddened to lose a strong and the wise leader who participated in the liberation of South Africa.

We express gratitude for her contribution, dedication to the course of the liberation of South Africa, courage, warmth, and the love she had for her family.

May the family be comforted during this period and her soul rest in eternal peace.
